

HOW TO LEVERAGE
REAL VISION
AT YOUR UNIVERSITY

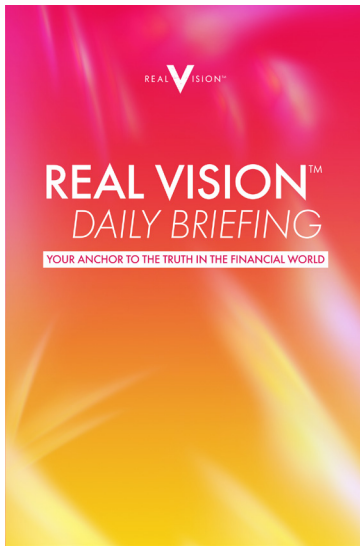

REAL VISION UNIVERSITY MEMBERSHIP

GIVE YOUR UNIVERSITY THE KEY TO UNLOCK **ACCESS TO THE BEST INVESTING MINDS IN THE WORLD.**

When you partner with Real Vision, you go beyond the news headlines and short audio clips to learn what's really going on in the world of business, finance, crypto, and the global economy. Take Real Vision content wherever you go – on desktop, tablet, mobile, and/or smart TV.

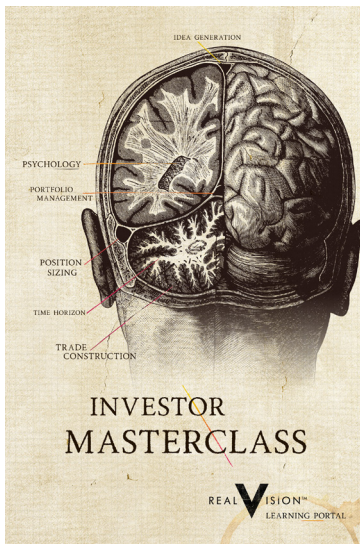

With a Real Vision University Membership, students and faculty can activate their unique account to access in-depth interviews, current news updates, industry reports, educational courses, and more. Students can explore the range of content Real Vision offers through videos, podcasts, and written materials to consume information in the way that best suits them.

THE SHOWS

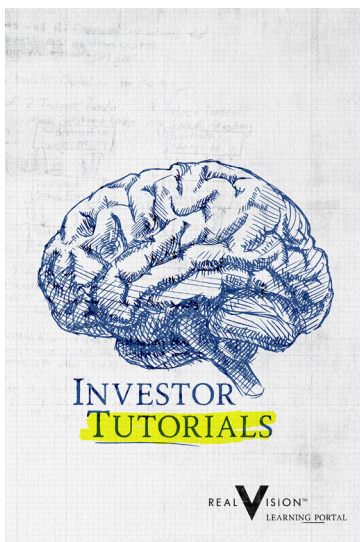

REAL VISION DAILY BRIEFING

Real Vision's Daily Briefing provides a macro context for the day's market action, Monday through Friday, live at 4pm ET. Our hosts talk with traders, quants, investors, and analysts with skin in the game. These experts include Tony Greer, Katie Stockton, Jim Bianco, Jared Dillian, Thomas Thornton, and our own Raoul Pal.

INVESTOR MASTERCLASS

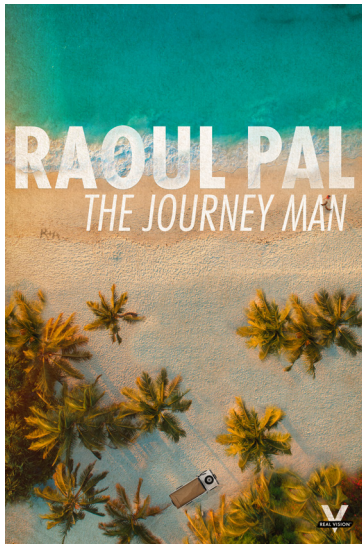

The most successful investors never stop honing their decision-making framework. In Investor Masterclass, legendary investors with decades of experience and rising stars at the cutting edge of the industry share their ideas, their experiences, and their approaches to markets and life generally. Learn from and capitalize on the masters' wins as well as their losses.

INVESTOR TUTORIALS

Investor Tutorials is designed to help investors better understand critical market, financial, business, and economic concepts. From the largely unknown to the chronically misunderstood, we focus on ideas, the mastery of which will add serious value to investors' decision-making process.

THE SHOWS

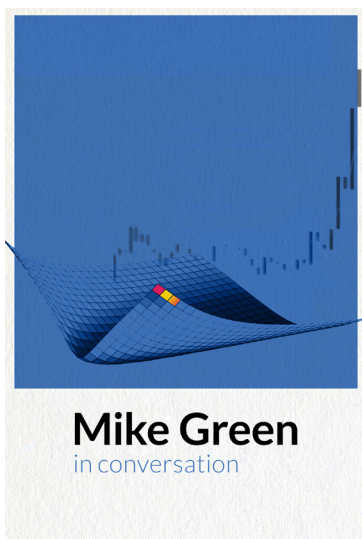

RAOUL PAL THE JOURNEY MAN

Raoul Pal, The Journey Man is a voyage into the macro ecosystem. Real Vision’s CEO and co-founder speaks with visionaries at the top of their game making groundbreaking moves. Raoul’s goal is to further his own framework and to help viewers do the same.

THE EXPONENTIAL AGE

The Exponential Age explores extraordinary new technologies and the profound change they represent not just for financial markets but also for the world as we know it. It’s about getting and staying just a few minutes ahead in this brave new world and profiting from that advantage.

MIKE GREEN IN CONVERSATION

A Real Vision original, Mike Green engages in exciting conversations about the big macro topics that matter. Exploring personal passions – including the US-China relationship that defines modern geopolitics as well as market structure and the question of how short-volume strategies and passive indexation have warped the way markets function – Mike creates immeasurable value for investors. Never stuck on any one or two themes, he also explores breaking issues sure to shape our understanding of ever-changing financial markets.

THE PODCASTS

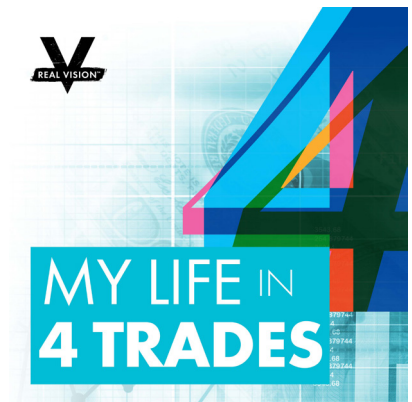

**REAL VISION DAILY BRIEFING:
FINANCE & INVESTING:**

Understand the complex world of finance, business, and the global economy with real in-depth analysis from real experts. We unlock access to the leading financial minds in the world to provide unbiased, in-depth analysis from real experts. The Real Vision podcast features the Daily Briefing, which provides market analysis every weekday after U.S. markets close and before Asian markets open.

MY LIFE IN 4 TRADES:

Hosted by Maggie Lake, My Life in 4 Trades is a weekly podcast featuring the brightest minds in the world of finance. Each guest shares insights on the extraordinary trades that transformed their careers and the trades that set them back.

THE NEXT BIG TRADE:

The Next Big Trade is a weekly podcast forecasting future trends in macro and digital markets. Every week we will talk to the biggest names in finance to see what they're targeting as their next big buy.

THE PODCASTS

RAOUL PAL, REAL VISION:

Key takeaways from Raoul Pal's conversations with the greatest investors and thinkers in the world. These unparalleled deep-dive conversations shed light on everything happening in global markets, crypto, NFTs, and preview what could be next.

REAL VISION CRYPTO:

There is a digital revolution that is shaping your future and the future of money itself. The money in your pocket is worth less every day... so it is time to stake your claim in the future of the financial system and participate in the wealth-creation opportunity of a generation. At Real Vision, it's our job to make sense of this fast-moving space for you, so you don't get left behind.

CURATED NEWSLETTERS & REPORTS

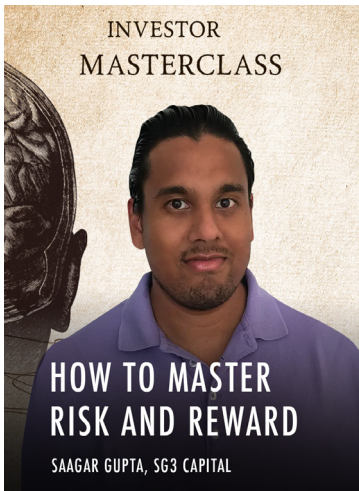

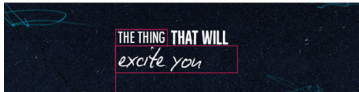

Hi James,

How can you improve your risk management? What can you learn about the uranium market? Is a global recession a certainty? How will you spot a market bottom? Is the Fed put dead?

Have a great weekend.

Editor's Note: If you haven't yet had a chance to watch the [special series on risk from Mark Ritchie II](#) it comes highly recommended by both us and your fellow members... But if time is a constraint right now, we've curated some of the most valuable takeaways and insights from the entire series in a special Triple Play episode. [Catch up here.](#)

What are we missing? What can we improve on? What do we not need? Please do send your thoughts to milton@realvision.com.

THE DISTILLERY:

The Distillery is Real Vision's weekly executive briefing, highlighting the most important conversations, interviews, and topics of the week. Sent every Saturday, students and faculty will be able to catch up on the important news from the week.

INVESTOR MASTERCLASS REPORTS:

With Investor Masterclass, you don't just hear from legendary investors with decades of experience and rising stars at the cutting edge of the industry share their ideas, you get to see what they are seeing. See their investing process and research in work to get an even deeper understanding of the topic at hand.

CONTRIBUTOR REPORTS:

When contributors come onto the Real Vision platform, they not only provide their insight through their in-depth videos, but they also share their views and experience through reports and research. Students and faculty will be able to download contributor reports to get a better understanding of the business, investing, and economic concepts. Members will be able to leverage a library of reports to continue their learning and support their projects.

THE COMMUNITY

The Exchange is a members-only online community of investors discussing what's happening in markets. It is a network of active investors at every stage of the investing journey – from beginners seeking to gain more knowledge to investment professionals seeking the hive mind to expand their investing mindset. When you join Real Vision, you join a community of like-minded individuals seeking to gain their edge. Stay on top of the topics that matter, learn the industry lingo, and build your network.

THE REAL VISION **DIFFERENCE...**

FOR STUDENTS

Whether your students are looking to level up their investing knowledge... or land an internship... or jump-start their career... our on-demand, short- and long-form videos will help them understand what's happening in markets, macro, and crypto. Our content goes beyond the textbooks and allows students to hear from investors active in the industry.

FOR FACULTY AND STAFF

The Real Vision University Membership isn't just for the student – it's for the faculty and staff as well. Whether a professor is looking for new curriculum to integrate into their courses or staff are looking for deeper insight into investing and finance, Real Vision's shows and reports will give them the tools necessary to scale.

Students Will...

- Become sharper thinkers
- Learn from the smartest traders and investors around
- Learn the lingo that will help them stand apart
- Hear opinions and theories from both the bulls and the bears
- Engage with a group of like-minded individuals also seeking to grow and gain their edge

Faculty And Staff Will...

- Gain the resources they need to provide more context and deeper insight in the classroom
- Facilitate conversations on current market events and trends
- Deepen their own understanding of finance and investing by listening to more and differing views
- Stay on top of new trends and opinions, even during the busy school year
